# Notes

## Original Source

The Registry was microfilmed in New Brunswick, and the microfilm reels are currently held at the New Brunswick Archives in Fredericton, Canada.

## Transcription

Kristin Chapman Headley digitally scanned the microfilm. William Duncan and Jean Buzzell Duncan then reassembled the scans in chronological order and transcribed the names of the baptized individuals.

## Illegible Names

Names that were illegible in the original register were sourced from other documents. A question mark was added next to names where the editors were unsure of the transcription.

## Errors

The editors apologize for any errors they made, but also cautioned that errors are likely present in the original register itself.

## Page Numbers

The page numbers in the current document were added by the editors for indexing and relative reference, as the original registry did not have numbered pages.
